**Subject:** UPDATE! San Jacinto River Waste Pits Superfund Site webpage: schedule for feasibility study and public comment  
**Date:** Wednesday, October 09, 2013 3:25:10 PM

---

Dear San Jacinto River/Houston Ship Channel Community Members and Stakeholders-

The Galveston Bay Foundation (GBF) has updated the [San Jacinto River Waste Pits Superfund Site webpage](#):

- We have revised the schedule of activities table to reflect the latest [Feasibility Study timeline](#) provided by the U.S. EPA. As you will note on that timeline, as it currently stands, the public will have the opportunity to provide comment on the Proposed Plan for cleanup of the SJRWP site in the February/March 2014 timeframe.

*FYI that you can also get to the timeline by going to U.S. EPA's Region 6 San Jacinto River Waste Pits website at [http://www.epa.gov/region6/6sf/texas/san\\_jacinto/](http://www.epa.gov/region6/6sf/texas/san_jacinto/) and then clicking on the [RI/FS link](#) on the right hand side of the page. The link to the timeline (aka Site Schedule) is at the top of the resulting RI/FS webpage.*

We hope you find this information helpful. We will update the site with new documents as they become available and provide notices about public meetings.

Please share this e-mail with your family, friends, and other members of the community and encourage them to contact me to be added to the mailing list.

Sincerely-

Scott A. Jones  
Director of Advocacy  
Galveston Bay Foundation
